Summary

The Green audit process was begun in the year of 2017 with an intention of identifying the environment activities carried out in the institution. Guru Nanak College Budhlada is situated in green area mostly surrounding of the college is having green vegetation though out the year. Environmental changes are now a day happening that leads to global issue like Global warming, uneven and undistributed rainfall, global cooling and low water table etc. So, academic institution must take initiative for the sustainability of ecosystem by adopting eco-friendly practices to conserve natural resource. While keeping in mind the environment issues institution planned for green audit October 2019 with expert panel nominated by authority. After field work survey and other formalities, the report was finally sent for approval to the authority (principal and IQAC).
