Guru Nanak College Budhlada is built from scratch with missionary zeal. Brick by brick, the Principal, IQAC and Teachers at the college put in super human e orts where the holistic development of students is the prime focus. They experienced first-hand, the self-less labour and love, and the sense of duty and discipline, which

had gone into the making of the institution. The IQAC of the college ensures, implements and sustains the quality culture in the institution. It plans, guides and monitors the quality initiatives of the college.

Significant Activities and contributions made by IQAC

- IQAC, in association with distinctive departments, conducted remedial classes to assist weaker students and uplift education among students.
- Placement Cell, in association with IQAC, had organised various placement drives to ensure students' career advancement.
- IQAC had organised a training programme for the development of

- the faculty in relation to NAAC data collection and submission.
- Distinctive Departments, in collaboration with IQAC, organised student induction programmes to enhance the interaction between learners and instructors.
- IQAC assisted in the reassembling of college premises that were disturbed because of road acquisition.

Distinctive Event Celebration by College

VCollege Various events, festivals, and days like International Yoga Day, Green Diwali, Martyrdom Day of Shri Guru Teg Bahadur Ji, Independence Day, National Science Day, etc. The Department of Commerce and

Management organised a webinar on "Voter's Day" on January 25, 2022. Department of Commerce and Management organised poster making and slogan writing for "International

Message from Principal

Our teachers are the paradigm of academic excellence. Excellence does not preclude us from engaging in quality learning. As Guru Nanak College, Budhlada is a challenging yet exhilarating place to learn. Our teachers had taken part in the e orts to gain more and more knowledge through research and other means. In this challenging modern era, pragmatic learning is an immense requirement. Teachers assigned more project work to our learners and utilised more audio-visual aids during the academic session 2021–22. Let us together tap the depths of the ocean and explore the universe through the wings of knowledge and the power of innovation.

Message from IQAC Coordinator

We had refined the necessary attitude, aptitude, and skills to achieve placements in the corporate sector. Teachers had been very supportive to the students by arranging periodical tests and group interaction exercises. We had endeavoured to equip our students with both technical and management skills so that they may contribute to the industry as excellent professionals. This empowerment had imbibed an attitude akin to a rmative and proactive thinking. Teachers regularly encouraged an open forum to establish a mutually cooperative interactive platform between students and o cial members of the college.
